WORK EXPERIENCE

Day Trading & Crypto

May 2018 – Dec 2020

Derby, England / Estonia, Tallinn

- Equity, options, futures trading and crypto investing.
- Applied strong analytical skills to interpret market data, analyze trends and patterns, and make informed trading decisions.
- Demonstrated a good understanding of risk management techniques, with the ability to manage trades effectively to minimize risk exposure and maximize potential gains.
- Committed to continuous learning and staying updated on the latest trends and developments in financial markets, ensuring a comprehensive understanding of the industry's complexities and dynamics. Similarly, web development is constantly evolving, and continuous learning is essential to staying relevant and providing high-quality work for the client.

UberEats Delivery Driver

Dec 2017 – Nov 2018

Derby, England

- Operated with great attention to detail to the delivery instructions, customer preferences, and restaurant orders to ensure accurate and timely deliveries while managing time efficiently to meet delivery targets and customer expectations.
- Proved strong problem-solving skills in handling unexpected issues or challenges during work, allowing for quick and effective solutions. Problem-solving is essential in web development to

finding solutions to complex issues that may arise during the development process. Additionally, time management is important in meeting project deadlines and completing coding tasks efficiently.

EDUCATION

Business Management BA – University of Derby, England

Sep 2013 - Jun 2016

- Awarded 2:1 degree classification.
- CMI accredited.
